

BUMC Hybrid Homeschool Program SUPPLY LIST

Projects for presentations will be required to be done at the “Satellite Campus” (your home or wherever you see fit) since there will not be enough time during the day at the “Main Campus” (BUMC) to complete them. Home based projects will include things like making models, posters, etc.

Please send the following materials with your student the first week of school. They will be kept at the school due to health and safety issues. A class-specific supply list will be sent upon enrollment.

- Milk-type carton (to keep supplies)
- Box of crayons
- Markers
- Scissors
- Items from Book Supply List
- Glue
- Box of pencils
- Handheld pencil sharpener
- 4 different colored Composition-type notebooks (not college ruled) These notebooks can be carried home if needed for study or project purposes.
